

Yellow Stonehouse Farm's 2023 Thanksgiving & Holiday Feast Basket

Yellow Stonehouse Farm is happy to present this year's locally grown Thanksgiving Feast menu & basket. Our selection of 12 delicious Thanksgiving dishes, developed from family recipes and

thoughtfully tweaked to boost the flavor and nutrition, is designed to go with the 40 - 50 pounds of organic vegetables filling your Thanksgiving basket.

A unique addition to your basket is this year's custom crafted spice mix: YSF's own Poultry Seasoning. Use it to season your turkey, stuffing & gravy.

The menu consists of twelve dishes such as stuffing, gravy, mashed potatoes & cranberry relish traditionally enjoyed on Thanksgiving with a recipe for each – plus notes on staging your dinner so everything arrives at the table on-time, hot & perfectly cooked!

This is the menu of recipes included with your Yellow Stonehouse House Thanksgiving Share – all you need to do is add the turkey:
