

Yellow Stonehouse Farm's 2025 Thanksgiving Feast & Holiday Basket

Yellow Stonehouse Farm is happy to present this year's locally grown Thanksgiving & Holiday Feast menus & baskets. Our selection of delicious recipes for each holiday are developed from family recipes, thoughtfully tweaked to boost the flavor and nutrition and designed to go with the 50 plus pounds of local and organic vegetables filling your Thanksgiving basket.

A unique addition to your basket are this year's custom crafted spice mixes -- YSF's own Thanksgiving Poultry Seasoning or the Festive Spice Rub for the December Holiday.

Each menu consists of a full complement of curated dishes for each month – including stuffing, gravy, mashed potatoes & cranberry relish traditionally enjoyed on Thanksgiving – plus notes on staging your dinner so everything arrives at the table on-time, hot and perfectly cooked!

This is the menu of recipes included with the Thanksgiving Share – all you need to do is add the turkey and there is an equally delicious menu provided for December.
